CHAPTER 1 – INTRODUCTORY INFORMATION & GENERAL NOTICES

1.00 School Operations During a Pandemic or Other Health Emergency

A pandemic is a global outbreak of disease. Pandemics happen when a new virus emerges to infect individuals and, because there is little to no pre-existing immunity against the new virus, it spreads continually. Your child's school and district play an essential role, along with the local health department and emergency management agencies, in protecting the public's health and safety during a pandemic or other health emergency.

During a pandemic or other health emergency, you will be notified in a timely manner of all changes to the school environment and schedule that impact your child. Please be assured that even if school is not physically in session, it is the goal of the school and district to provide your child with the best educational opportunities possible.

Additionally, please note the following:

1. All decisions regarding changes to the school environment and schedule, including a possible interruption of in-person learning, will be made by the superintendent in consultation with and, if necessary, at the direction of the Governor, Illinois Department of Public Health, local health department, emergency management agencies, and/or Regional Office of Education.
2. Available learning opportunities may include remote and/or blended learning. Blended learning may require your child to attend school on a modified schedule.
3. Students will be expected to participate in blended and remote instruction as required by the school and district. Parents are responsible for assuring the participation of their child. Students who do not participate in blended or remote learning will be considered truant.
4. All school disciplinary rules remain in effect during the interruption of in-person learning. Students are subject to discipline for disrupting the remote learning environment to the same extent that discipline would be imposed for disruption of the traditional classroom.
5. Students and parents will be required to observe all public health and safety measures implemented by the school and district in conjunction with state and local requirements.
6. During a pandemic or other health emergency, the school and district will ensure that educational opportunities are available to all students.
7. School personnel will work closely with students with disabilities and other vulnerable student populations to minimize the impact of any educational disruption.
8. Students who have a compromised immune system, live with an individual with a compromised immune system, or have a medical condition that may impact their ability to attend school during a pandemic or other public health emergency should contact school officials.
9. During a pandemic or other health emergency, teachers and school staff will receive additional training on health and safety measures.
10. In accordance with school district or state mandates, the school may need to conduct a daily health assessment of your child. Parents and students will be notified of the exact assessment procedures if this becomes necessary.
11. Parents should not send their child to school if their child exhibits any symptoms consistent with the pandemic or other health emergency.
12. Please do not hesitate to contact school or district officials if you have any concerns regarding your child's education, health or safety.

1.20 – Student Handbook Acknowledgment

The student/parent handbook was developed as a guide for students and parents and to answer commonly asked questions that come up during the course of a school year. Our goal is to create a positive educational atmosphere

of learning where rules are enforced firmly, fairly, and consistently to all students. We ask that you familiarize yourself with this handbook by reading it thoroughly. In order to help keep the school safe, students will be held accountable for the information and behavior expectations as outlined in this handbook. The student/parent handbook and school district policies may be amended during the year and that such changes are available on the school district website at www.d45.org.

1.30 – General School Information

This handbook is a summary of the school's rules and expectations, and is not a comprehensive statement of school procedures. The Board's comprehensive policy manual is available for public inspection through the District's website D45.org or at the Board office, located at:

255 W. Vermont Street
Villa Park, IL 60181

The School Board governs the school district, and is elected by the community. Current School Board members are:

Judy Degnan, President
Carol Klamecki, Vice-President
Melissa Slinn, Secretary
Navreet Heneghan, Member
Diana Stout, Member
Kim Taglia, Member
Tracy Vroman, Member

The School Board has hired the following administrative staff to operate the school:

Dr. Tony Palmisano, Superintendent
Dr. Kathleen Melton, Assistant-Superintendent of Curriculum & Instruction
Dr. Brian Graber, Assistant-Superintendent of Human Resources
Patti Volling, Assistant-Superintendent of Finance & Operations
Scott Dart, Principal
Shawna Chambers, Assistant-Principal

The school is located and may be contacted at:

340 S. School Street
Lombard, IL 60148

1.40 – Visitors

During the pandemic while we are still under restrictions of the Restore Illinois plan, all unnecessary visitors will not be allowed to enter the building. A drop box will be provided at door #1 for visitors to drop off materials for students/staff. Please ring the doorbell to speak with a building secretary and let them know you are leaving items in the drop box.

If it is necessary to enter the building visitors are required to enter through door #1 and proceed immediately to the main office. Visitors should identify themselves and inform office personnel of their reason for being at school.

For the safety and security of students, all visitors, including parents, are required to check in at the school office, provide a valid Illinois State ID, and be run through our District 45 Raptor system if they wish to enter the building. All visitors must wear a Visitor's Pass that is visible to staff while in the building. Visitors will be restricted to specific areas of the building during the pandemic. All visitors must return to the main office and sign out before leaving the school.

Any person wishing to confer with a staff member should contact that staff member to make an appointment. Conferences with teachers are held, to the extent possible, outside school hours or during the teacher's conference/preparation period.

Requests to access a school building, facility, and/or educational program, or to interview personnel or a student for purposes of assessing the student's special education needs, should be made at the appropriate building. Access shall be facilitated according to guidelines from the Superintendent or designee.

Visitors are expected to abide by all school rules during their time on school property. A visitor who fails to conduct himself or herself in a manner that is appropriate will be asked to leave and may be subject to criminal penalties for trespass and/or disruptive behavior.

The School District expects mutual respect, civility, and orderly conduct among all people on school property or at a school event. No person on school property or at a school event shall perform any of the following acts:

1. Strike, injure, threaten, harass, or intimidate a staff member, board member, sports official or coach, or any other person.
2. Behave in an unsportsmanlike manner or use vulgar or obscene language.
3. Unless specifically permitted by State law, possess a weapon, any object that can reasonably be considered a weapon or looks like a weapon, or any dangerous device.
4. Damage or threaten to damage another's property.
5. Damage or deface school property.
6. Violate any Illinois law or municipal, local or county ordinance.
7. Smoke or otherwise use tobacco products.
8. Distribute, consume, use, possess, or be impaired by or under the influence of an alcoholic beverage, cannabis, other lawful product, or illegal drug.
9. Be present when the person's alcoholic beverage, cannabis, other lawful product, or illegal drug consumption is detectable, regardless of when and/or where the use occurred.
10. Use or possess medical cannabis, unless he or she has complied with Illinois' Compassionate Use of Medical Cannabis Act and district policies.
11. Impede, delay, disrupt, or otherwise interfere with any school activity or function (including using cellular phones in a disruptive manner).
12. Enter upon any portion of school premises at any time for purposes other than those that are lawful and authorized by the board.
13. Operate a motor vehicle: (a) in a risky manner, (b) in excess of 20 miles per hour, or (c) in violation of an authorized district employee's directive.
14. Engage in any risky behavior, including roller-blading, roller-skating, or skateboarding.
15. Violate other district policies or regulations, or a directive from an authorized security officer or district employee.
16. Engage in any conduct that interferes with, disrupts, or adversely affects the district or a school function.

State law prohibits a child sex offender from being present on school property or loitering within 500 feet of school property when persons under the age of 18 are present, unless the offender is:

1. A parent/guardian of a student attending the school and has notified the Building Principal of his or her presence at the school for the purpose of: (i) attending a conference at the school with school personnel to discuss the progress of his or her child academically or socially, (ii) participating in child review conferences in which evaluation and placement decisions may be made with respect to his or her child regarding special education services, or (iii) attending conferences to discuss other student issues concerning his or her child such as retention and promotion; or
2. Has permission to be present from the Board, Superintendent, or Superintendent's designee. If permission is granted, the Superintendent or Board President shall provide the details of the offender's upcoming visit to the Building Principal. In all cases, the Superintendent, or designee who is a certified employee, shall supervise a child sex offender whenever the offender is in a child's vicinity.

1.50 – Equal Opportunity and Sex Equity

Equal educational and extracurricular opportunities are available to all students without regard to race, color, nationality, sex, sexual orientation, gender identity, ancestry, age, religious beliefs, physical or mental disability, status as homeless, or actual or potential marital or parental status, including pregnancy.

No student shall, based on sex or sexual orientation, be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.

Any student or parent/guardian with a sex equity or equal opportunity concern should contact:

Brian Graber, Assistant Superintendent for Human Resources
bgraber@d45.org or 630-516-7887

1.60 – Animals on School Property

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by the building principal in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

1.70 – School Volunteers

During the pandemic no school volunteers will not be admitted into the building.

1.80 – Invitations and Gifts

Party invitations or gifts for classmates should not be brought to school to be distributed. Items such as these are of a personal nature and should be mailed home. The office is unable to release addresses and phone numbers of students who are not listed in the school directory.

1.85 – Treats and Snacks

During the pandemic, students will not be permitted to eat treats or snacks while on school property.

1.90 – Emergency School Closings

School closings for any reason will be announced via district wide phone calls, email, District 45 website: www.d45.org, and school social media accounts. If bad weather or other emergency occurs during the day, please listen to local media stations for possible early dismissal information.

For your child’s safety, make certain your child knows ahead of time where to go in case of an early dismissal. If we dismiss early for an emergency, all after-school functions are automatically canceled.

1.100 – Video and Audio Monitoring Systems

A video and/or audio monitoring system may be in use on school busses and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

1.110 – Accommodating Individuals with Disabilities

Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the superintendent or building principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

1.120 – Students with Food Allergies

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify the health office at 630-516-7881.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed support so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student’s needs through other means.

1.130 – Care of Students with Diabetes

If your child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Care Plan must be submitted to the school nurse. Parents/guardians are responsible for and must:

- A. Inform the school in a timely manner of any change which needs to be made to the Diabetes Care Plan on file with the school for their child.
- B. Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.
- C. Sign the Diabetes Care Plan.
- D. Grant consent for and authorize designated School District representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

For further information, please contact the health office at 630-516-7881.

1.140 – Suicide and Depression Awareness and Prevention

Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important goals of the school district.

The school district maintains student and parent resources on suicide and depression awareness and prevention. Much of this information, including a copy of the school district's policy, is posted on the school district website. Please see Policy 7:290. Information can also be obtained from the school office.

CHAPTER 2 – ATTENDANCE, PROMOTION & GRADUATION

2.10 – Attendance

Illinois law requires that whoever has custody or control of any child between six (by September 1st) and seventeen years of age shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session (unless the child has already graduated from high school). Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

During remote learning, PowerSchool attendance will be taken daily at 8:10 during the morning meeting. Teachers will track student attendance and engagement through their synchronous learning time.

2.20 – Student Absences

District 45's educational program is built on the premise that regular attendance and punctuality are vital to a student's success in school. Seeing that a student maintains regular attendance and punctuality requires a cooperative effort by the student, parent(s) or guardian(s) and school personnel. (*Board Policy 7:70*)

There are two types of absences: excused and unexcused. Excused absences include: illness, observance of a religious holiday or event, death in the immediate family, family emergency, situations beyond the control of the student, circumstances that cause reasonable concern to the parent/guardian for the student's mental, emotional,

or physical health or safety, attending a military honors funeral to sound TAPS, or other reason as approved by the building principal.

Additionally, a student will be excused for up to 5 days in cases where the student's parent/guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings. The Board of Education, in its discretion, may excuse a student for additional days relative to such leave or deployment. A student and the student's parent/guardian are responsible for obtaining assignments from the student's teachers prior to any excused absences and for ensuring that such assignments are completed by the student prior to his or her return to school. All other absences are considered unexcused. Pre-arranged excused absences must be approved by the building principal.

The school may require documentation explaining the reason for the student's absence.

In the event of any absence, the student's parent/guardian is required to call the school at 630-516-7866 before 9:00 a.m. to explain the reason for the absence. If a call has not been made to the school on the day of a student's absence, a school official will call the home to inquire why the student is not at school. If the parent/guardian cannot be contacted, the student will be required to submit a signed note from the parent/guardian explaining the reason for the absence. Failure to do so shall result in an unexcused absence. Upon request of the parent/guardian, the reason for an absence will be kept confidential.

Following any absence, it is the student's responsibility to inquire about missed assignments and to complete and submit them.

Participation in Extracurricular Activities & Events: A student must be in attendance for the entire school day in order to participate in a Westmore extracurricular activity or event. Students with extenuating circumstances may be allowed to participate with proper documentation of valid cause with administrator approval.

EXCESSIVE ABSENCE

Absenteeism is considered excessive when the absences amount to 5% of the school year (nine days out of a 180 day school year) or the absences significantly interfere with a student's learning, as reflected in academic performance or social development. Excessive absenteeism includes excessive tardiness. Students who have been absent for more than 5% (nine days) will be required to submit written verification of the student's absence due to illness from a licensed physician. If no medical verification is provided, the absence becomes unexcused and considered as truancy, which may be referred to the DuPage Regional Office of Education for follow-up.

TARDINESS

Tardiness to school is considered excused only in emergency situations. Students who are tardy to school must first report to the main office. Excessive tardiness to school will also be considered as truancy. Students with excessive tardies to class or school may be considered for further attendance interventions.

VACATIONS

Vacations are considered **unexcused** absences. District 45 discourages parents or guardians from taking vacations during periods when school is in session. Written assignments covering such vacation periods will be provided only if such can be provided without substantial additional time by the classroom teacher, as determined by the classroom teacher in consultation with the building principal.

2.30 – Release Time for Religious Instruction and Observance

A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student's parent/guardian must give written notice to the building principal prior to the student's anticipated absence(s).

Students excused for religious reasons will be given an opportunity to make up all missed work, including homework and tests, for equivalent academic credit.

2.40 – Make-Up Work

If a student's absence is excused or if a student is suspended from school, he/she will be permitted to make up all missed work, including homework and tests, for equivalent academic credit.

2.50 – Truancy

Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and district.

Students who regularly miss days without valid cause (a recognized excuse) are truant. Students who miss 5% or more of the prior 180 regular school days without valid cause are chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue.

If chronic truancy persists after support services and other resources are made available, the school and district will take further action, including:

- Referral to the DuPage County Regional Office of Education
- Reporting to officials under the Juvenile Court Act
- Referral to the State's Attorney
- Appropriate school discipline

A student who misses 10 consecutive days of school without valid cause and who cannot be located or, after exhausting all available support services, cannot be compelled to return to school will be dropped from current enrollment.

A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law.

2.60 – Grading and Promotion

School report cards for grades 1-8 are issued to students on a quarterly basis. Kindergarten report cards are issued by semester. For questions regarding grades, please contact the classroom teacher.

The decision to promote a student to the next grade level is based on successful completion of the curriculum, attendance, performance on standardized tests and other testing. A student will not be promoted based upon age or any other social reason not related to academic performance.

2.70 – Homework

Homework is primarily intended to cultivate readers through practices that affirm motivation (relevance, choice,

success, collaboration, and purpose). Therefore, students should read independently or with a family member for a minimum of 20 minutes each night.

Homework may also be provided an opportunity for students to practice math skills that students have the ability to practice independently with a high degree of accuracy.

Families should support homework completion by ensuring students have a quiet place to work, encouraging students to carefully review their work for accuracy, and communicating with the classroom teacher for support as necessary.

2.80 – Exemption From PE Requirement

In order to be excused from participation in physical education, a student must present an appropriate excuse from his or her parent/guardian or from a person licensed under the Medical Practice Act. Parents may write an excusal note for up to three days. Longer excusals may be based on medical or religious prohibitions. An excuse because of medical reasons must include a signed statement from a person licensed under the Medical Practice Act that corroborates the medical reason for the request. Excusal notes from a person licensed under the Medical Practice Act must include a start and end date for the excusal period. An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request.

Students with an Individualized Education Program may also be excused from physical education courses for reasons stated in Handbook Procedure 10.30

State law prohibits the School District from honoring parental excuses based upon a student's participation in athletic training, activities, or competitions conducted outside the auspices of the School District.

Students who have been excused from physical education shall return to the course as soon as practical. The following considerations will be used to determine when a student shall return to a physical education course:

1. The time of year when the student's participation ceases; and
2. The student's class schedule.

2.90 – Credit for Proficiency, Non-District Experiences, Course Substitutions and Accelerated Placement

Credit for Non-District Experiences

The District does not grant graduation credit for learning experiences that an enrolled student does not complete through the District.

Accelerated Placement

The District provides an Accelerated Placement for qualified students. It provides students with an educational setting with curriculum options that are usually reserved for students who are older or in higher grades than the student. Accelerated placement includes but may not be limited to: early entrance to kindergarten or first grade, accelerating a student in a single subject and grade acceleration. Participation is open to all students who demonstrate high ability and who may benefit from accelerated placement. It is not limited to students who have been identified as gifted or talented. Please contact the building principal for additional information.

2.100 – Home and Hospital Instruction

A student who is absent from school, or whose physician, physician assistant or licensed advanced practice registered nurse anticipates his or her absence from school, because of a medical condition may be eligible for instruction in the student's home or hospital.

Appropriate educational services from qualified staff will begin no later than five school days after receiving a written statement from a physician, physician assistant, or licensed advanced practice registered nurse. Instructional or related services for a student receiving special education services will be determined by the student's individualized education program.

For information on home or hospital instruction, contact: Jill Rademacher at 630-516-7881

CHAPTER 3 – STUDENT FEES AND MEAL COSTS

3.10 – Fees, Fines & Charges; Waiver of Student Fees

Fines, Fees, and Charges; Waiver of Student Fees

The board of education establishes fees and charges to fund certain school activities. Some students may be unable to pay these fees. Students will not be denied educational services or academic credit due to the inability of their parent or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies, and/or equipment.

Applications for fee waivers may be submitted by a parent or guardian of a student who has been assessed a fee. As student is eligible for a fee waiver if at least one of the following prerequisites is met:

1. The student currently lives in a household that meets the free lunch or breakfast eligibility guidelines established by the federal government pursuant to the National School Lunch Act; or
2. The student or the student's family is currently receiving aid under Article IV of the Illinois Public Aid Code (Aid to Families of Dependent Children).
3. The business office will give additional consideration where one or more of the following factors are present:
 - i. An illness in the family;
 - ii. Unusual expenses such as fire, flood, storm damage, etc.;
 - iii. Unemployment;
 - iv. Emergency situations; or
 - v. When one or more of the parents/guardians are involved in a work stoppage.

The business office will notify the parent/guardian promptly as to whether the fee waiver request has been granted or denied.

The business office shall provide a fee waiver application for determining a student's eligibility for a waiver of fees according to State law requirements. The business office requires family income verification at the time an individual applies for a fee waiver and anytime thereafter but not more often than once every 60 calendar days. The business office shall not use any information from this or any independent verification process to determine free or reduced-price meal eligibility.

If a student receiving a fee waiver is found to be no longer eligible during the school year, the business office shall notify the student's parent/guardian and charge the student a prorated amount based upon the number of school days remaining in the school year.

Within 30 calendar days after the receipt of a waiver request, the business office shall mail a notice to the parent/guardian whenever a waiver request is denied. The denial notice shall include: (1) the reason for the denial, (2) the process and timelines for making an appeal, and (3) a statement that the parent/guardian may reapply for a waiver any time during the school year if circumstances change. If the denial is appealed, the District shall follow the procedures for the resolution of appeals as provided in the Illinois State Board of Education rule on waiver of fees.

Questions regarding the fee waiver application process should be addressed to the business office at (630) 516-7700.

3.20 – School Lunch Program

Good nutrition shall be promoted in the District's meal programs and in other food and beverages that are sold to students during the school day. The Superintendent shall manage a food service program that complies with this policy and is in alignment with the Board of Education policy on School Wellness. Parents are discouraged from dropping off lunches from outside vendors, including birthday lunches.

Food or beverage items sold to students as part of a reimbursable meal under federal law must follow the nutrition standards specified in the U.S. Dept. of Agriculture rules that implement the National School Lunch and Child Nutrition Acts. Schools being reimbursed for meals under these laws are participating schools.

All District 45 schools will be offering the Community Eligibility Provision (CEP). The CEP is an alternative to collecting, approving, and verifying household eligibility applications for free and reduced-price eligible students in local educational agencies (LEAs) or schools participating in the National School Lunch and School Breakfast Programs.

All students enrolled in District 45 are eligible to receive a healthy breakfast and lunch at school at no charge to their household each day of this school year. All students will be able to participate in the meal program without having to pay a fee or submit an application regardless of their economic status.

WHAT IS INCLUDED IN A MEAL?

Meat or Meat Alternative

Grains/Bread

Vegetables

Fruit

Fat-Free or 1% Milk

Students must take 3-5 of the components listed above and must include at least 1/2 cup fruit or vegetable.

A fruit and veggie bar is offered everyday at all schools.

Meals during Remote Learning:

CHAPTER 4 – TRANSPORTATION, PARKING, ARRIVAL & DISMISSAL

4.10 – Bus Transportation

The district provides bus transportation to and from school for all students living 1.5 miles or more from the school and/or across a road determined to be hazardous. A list of bus stops will be available in the school office and during registration. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the building principal.

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus behavior concerns can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the building administration.

Students are expected to follow all school rules while on the bus. Students may be suspended from riding the school bus for up to 10 consecutive school days for violating school rules or for engaging in other gross disobedience or misconduct. The school board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The district's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.

A student who is suspended from riding the school bus and who does not have alternative transportation to school shall be allowed the opportunity to make up all missed work for equivalent academic credit. It is the responsibility of the student's parent or guardian to notify the school that the student does not have alternative transportation to school.

In the interest of the student's safety and in compliance with State law, students are also expected to observe the following:

1. Parents are required to self certify that students are COVID symptom and fever free before entering the bus
2. Students are required to wear face coverings/masks while riding the bus to school.
3. Students will be required to practice social distancing to the furthest extent possible on the bus. This may require that students sit one student to a seat while riding the bus.
- 4.
5. Dress properly for the weather. Make sure all drawstrings, ties, straps, etc. on all clothing, backpacks and other items, are shortened or removed to lessen the likelihood of them getting caught in bus doors, railings or aisles.

6. Arrive on time at the bus stop, and stay away from the street while waiting for the bus.
7. Stay away from the bus until it stops completely and the driver signals you to board. Enter in a single file without pushing. Always use the handrail.
8. Take a seat right away and remain seated facing forward. Keep your hands, arms, and head inside the bus.
9. Talk quietly on the bus. No shouting or creating loud noises that may distract the driver.
10. Tablets, iPods®, iPads®, smart phones, and other electronic devices must be silenced on the bus and kept in the student's backpack
11. Help keep the bus neat and clean. Keep belongings out of the aisle and away from emergency exits. Eating and drinking are not allowed on the bus.
12. Always listen to the driver's instructions. Be courteous to the driver and other students. Sit with your hands to yourself and avoid making noises that would distract the driver or bother other passengers. Remain seated, keeping your hands, arms, and head inside the bus at all times.
13. Wait until the bus pulls to a complete stop before standing up. Use the handrail when exiting the bus.
14. Stay out of the danger zone next to the bus where the driver may have difficulty seeing you. Take five giant steps away from the bus and out of the danger zone, until you can see the driver and the driver sees you. Never crawl under a bus.
15. If you must cross the street after you get off the bus, wait for the driver's signal and then cross in front of the bus. Cross the street only after checking both ways for traffic.
16. Never run back to the bus, even if you dropped or forgot something.

Video and audio cameras may be active on busses to record student conduct and may be used for the purposes of investigation into misconduct or accidents on the bus.

If a student is suspended from riding the bus for gross disobedience or misconduct on a bus, the School Board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. A student suspended from riding the bus who does not have alternate transportation to school shall have the opportunity to

Students who have a fever will be escorted to the Isolation Room and parents/guardians will be contacted to pick up the student from school.

Arrival and dismissal times will vary depending on whether the student is assigned to an AM or PM cohort.

CHAPTER 5 – HEALTH AND SAFETY

5.10 – Immunization, Health, Eye & Dental Examination

Required Health Examinations and Immunizations

All students are required to present appropriate proof of a health examination and the immunizations against, and screenings for, preventable communicable diseases within one year prior to:

1. Entering preschool
2. Entering kindergarten or the first grade;
3. Entering the sixth and ninth grades; and
4. Enrolling in an Illinois school for the first time, regardless of the student's grade.

Proof of immunization against meningococcal disease is required for students in grades 6 and 12. A diabetes screening must be included as part of the health exam (though diabetes testing is not required). Students between the age of one and seven must provide a statement from a physician assuring that the student was "risk-assessed" or screened for lead poisoning. Beginning with the 2017-2018 school year, an age-appropriate developmental screening and an age-appropriate social and emotional screening are required parts of each health examination. Failure to comply with the above requirements by October 15 of the current school year will result in the student's exclusion from school until the required health forms are presented to the school, subject to certain exceptions. A student will not be excluded from school due to his or her parent/guardian's failure to obtain a developmental screening or a social and emotional screening.

New students who register mid-term have 30 days following registration to comply with the health examination and immunization requirements. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

Eye Examination

All students entering kindergarten or the school for the first time must present proof by October 15 of the current school year of an eye examination performed within one year. Failure to present proof by October 15, allows the school to hold the student's report card until the student presents: (1) proof of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15.

Dental Examination

All students entering kindergarten, second, sixth and ninth grades must present proof by May 15 of the current school year of having been examined by a licensed dentist within the last 18 months. Failure to present proof allows the school to hold the child's report card until the student presents: (1) proof of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15.

Exemptions

A student will be exempted from the above requirements for:

1. Medical grounds if the student's parent/guardian presents to the building principal a signed statement explaining the objection;
2. Religious grounds if the student's parent/guardian presents to the building principal a completed Certificate of Religious Exemption;
3. Health examination or immunization requirements on medical grounds if a physician provides written verification;
4. Eye examination requirement if the student's parent/guardian shows an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist; or
5. Dental examination requirement if the student's parent/guardian shows an undue burden or a lack of access to a dentist.

5.20 – Student Medication

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a "School Medication Authorization Form."

No school or district employee is allowed to administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student's parent/guardian. No student is allowed to possess or consume any prescription or non-prescription medication including cough drops on school grounds or at a school-related function other than as provided for in this procedure.

Self-Administration of Medication

A student may possess and self-administer an epinephrine injector (e.g., EpiPen®) and/or an asthma inhaler or medication prescribed for use at the student's discretion, provided the student's parent/guardian has completed and signed a School Medication Authorization Form.

Students who are diabetic may possess and self-administer diabetic testing supplies and insulin if authorized by the student's diabetes care plan, which must be on file with the school.

Students with epilepsy may possess and self-administer supplies, equipment and medication, if authorized by the student's seizure action plan, which must be on file with the school.

Students may self-administer (but not possess on their person) other medications required under a qualified plan, provided the student's parent/guardian has completed and signed a School Medication Authorization Form.

The school district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication, including asthma medication or epinephrine injectors, or medication required under a qualifying plan. A student's parent/guardian must indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine injector, asthma medication, and/or a medication required under a qualifying plan.

Administration of Medical Cannabis

In accordance with the Compassionate Use of Medical Cannabis Program, qualifying students are allowed to utilize medical cannabis infused products while at school and school events. Please contact the building principal for additional information. Discipline of a student for being administered a product by a designated caregiver pursuant to this procedure is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

Undesignated Medications

The school may maintain the following undesignated prescription medications for emergency use: (1) Asthma medication; (2) Epinephrine injectors; (3) Opioid antagonists; and (4) Glucagon. No one, including without limitation, parents/guardians of students, should rely on the school or district for the availability of undesignated medication. This procedure does not guarantee the availability of undesignated medications. Students and their parents/guardians should consult their own physician regarding these medication(s).

Emergency Aid to Students

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

Emergency Contact Information

Parents are responsible for providing up-to-date emergency contact information in PowerSchool. It is very important that any changes be reported to the school office.

5.30 – Guidance & Counseling

From time to time, students may need some assistance with academic, social, or emotional concerns associated with growing up. It is the purpose of the school social worker to help students make the best of the school experience. Parents may consult with the school social worker by telephone, email, or by setting up an appointment for an individual or team conference.

There is also a school psychologist on staff who will work with a limited number of students individually or in groups and is available for parents as well.

5.40 – Safety, Security and Crisis Management

All District operations, including the education program, shall be conducted in a manner that will promote the safety and security of everyone on District property, including pupils, staff, and visitors. The Superintendent or designee shall develop, implement, and maintain a comprehensive District 45 emergency operation plan that includes, without limitation:

1. Provisions for the development of building-specific emergency operation plans and crisis management plans addressing prevention, preparation, response, and recovery for each school in order to ensure adequate preparedness for emergencies and crises;
2. Provisions for a coordinated effort with local law enforcement and fire officials, emergency medical services personnel, and the Board Attorney;
3. A school safety drill plan;
4. Instruction in safe bus riding practices; and
5. A clear, rapid, factual, and coordinated system of internal and external communication.

The District-level emergency operation plan, and related protocols and procedures will be reviewed and updated annually. This review will be conducted by the Assistant Superintendent for Finance who will act as the District-level Safety Program Coordinator.

During every academic year, each school building that houses school children shall conduct, at a minimum, each of the following in accordance with the School Safety Drill Act:

1. Three school **Evacuation** drills;
2. One **Bus Evacuation** drill;
3. One **Severe Weather, Hold-In-Place and Teach**, and **Secure Building and Teach** drills; and

The requisite run, hide, fight drill shall be conducted according to District 45's Comprehensive Emergency Operation Plan.

The Superintendent or designee is authorized, consistent with state law, to close school(s) in the event of hazardous weather or other emergency that threatens the safety of students, staff members, or school property.

5.50 – Communicable Disease

The school will observe recommendations of the Illinois Department of Public Health regarding communicable diseases. District 45 is required to report students with certain communicable diseases to the Dupage County Health Department.

1. Parents are required to notify the school nurse if they suspect their child has a communicable disease.

2. In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent or guardian.
3. The school will provide written instructions to the parent and guardian regarding appropriate treatment for the communicable disease.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student’s parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

Teacher and Office Discipline Referrals

Student behavior reports can be issued to students for exhibiting minor and/or major behaviors in the classroom, hall, cafeteria, bus, or other school supervised areas. Disciplinary consequences will be issued to students on a case-by-case basis. A student is subject to disciplinary action for engaging in prohibited student conduct whenever the student’s conduct is reasonably related to school or school activities. Depending upon the severity and/or frequency of the behavior, an in-school or out-of-school suspension may be imposed.

When and Where Conduct Rules Apply

The grounds for disciplinary action also apply whenever the student’s conduct is reasonably related to school or school activities, including but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event; or
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline

before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out of school voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following measures:

1. Notifying parents/guardians.
2. Disciplinary conference.
3. Restorative conference with students and/or staff
4. Withholding of privileges.
5. Temporary removal from the classroom.
6. Return of property or restitution for lost, stolen or damaged property.
7. In-school suspension.
8. After-school study or Saturday study provided the student's parent/guardian has been notified. (If transportation arrangements cannot be made in advance, an alternative disciplinary measure will be assigned to the student.)
9. Community service. Can be assigned within the building or in the community.
10. Seizure of contraband; confiscation and temporary retention of the personal property that was used to violate school rules.
11. Suspension of bus riding privileges.
12. Suspension from school and all school activities for up to 10 days. A suspended student is prohibited from being on school grounds.
13. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years. An expelled student is prohibited from being on school grounds.
14. Transfer to an alternative program if the student is expelled or otherwise qualifies for transfer under State law.
15. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, such as, illegal drugs (controlled substances), "look-alikes," alcohol or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Isolated Time Out, Time Out and Physical Restraint

Isolated time out, time out, and physical restraint shall only be used if the student's behavior presents an imminent danger of serious physical harm to the student or others and other less restrictive and intrusive measures were tried and proven ineffective in stopping it. The school may not use isolated time out, time out, and physical restraint as discipline or punishment, convenience for staff, retaliation, a substitute for appropriate educational or behavioral support, a routine safety matter, or to prevent property damage in the absence of imminent danger of serious physical harm to the student or others.

Corporal Punishment

Corporal punishment is illegal and will not be used. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

Weapons Prohibition

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year but not more than 2 calendar years:

(1) A firearm, meaning any gun, rifle, shotgun, weapon as defined by Section 921 of Title 18 of the United States Code, firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act, or firearm as defined in Section 24-1 of the Criminal Code of 1961. The expulsion period may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

(2) A knife, brass knuckles or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including "look alike" of any firearm as defined above.

The expulsion requirement may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

Gang & Gang Activity Prohibited

"Gang" is defined as any group, club or organization of two or more persons whose purposes include the commission of illegal acts. No student on or about school property or at any school activity or whenever the student's conduct is reasonably related to a school activity, shall: (1) wear, possess, use, distribute, display, or sell any clothing, jewelry, paraphernalia or other items which reasonably could be regarded as gang symbols; commit any act or omission, or use either verbal or non-verbal gestures, or handshakes showing membership or affiliation in a gang; or (2) use any speech or commit any act or omission in furtherance of the interest of any gang or gang activity, including, but not limited to, soliciting others for membership in any gangs; (3) request any person to pay protection or otherwise intimidate, harass or threaten any person; (4) commit any other illegal act or other violation of district policies, (5) or incite other students to act with physical violence upon any other person.

Re-Engagement of Returning Students

The building principal or designee shall meet with a student returning to school from an out-of-school suspension, expulsion or alternative school setting. The goal of this meeting shall be to support the student's ability to be successful in school following a period of exclusion and shall include an opportunity for students who have been suspended to complete or make-up missed work for equivalent academic credit.

6.40 – Prevention of and Response to Bullying, Intimidation, and Harassment

Prevention of and Response to Bullying, Intimidation, and Harassment

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important district and school goals.

Bullying on the basis of actual or perceived race, color, national origin, immigration status, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is **prohibited** in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.

4. Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

Bullying includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or
4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the building principal, district complaint manager or any staff member with whom the student is comfortable speaking. All school staff members are available for help with a bully or to make a report about bullying. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the district complaint manager or any staff member. Anonymous reports are also accepted by phone call or in writing.

A reprisal or retaliation against any person who reports an act of bullying is prohibited. A student's act of reprisal or retaliation will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

A student will not be punished for reporting bullying or supplying information, even if the school's investigation concludes that no bullying occurred. However, knowingly making a false accusation or providing knowingly false information will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

Students and parents/guardians are also encouraged to read the following school district policies: 7:20, Harassment of Students Prohibited and 7:180, Prevention of and Response to Bullying, Intimidation and Harassment.

6.45 – Sexual Harassment & Teen Dating Violence Prohibited

Sexual Harassment Prohibited

Sexual harassment of students is prohibited. A person engages in sexual harassment whenever he or she makes sexual advances, requests sexual favors, and/or engages in other verbal or physical conduct, including sexual violence, of a sexual or sex-based nature, imposed on the basis of sex, that:

1. Denies or limits the provision of educational aid, benefits, services, or treatment; or that makes such conduct a condition of a student's academic status; or
2. Has the purpose or effect of:
 1. Substantially interfering with a student's educational environment
 2. Creating an intimidating, hostile, or offensive educational environment;
 3. Depriving a student of educational aid, benefits, services, or treatment; or
 4. Making submission to or rejection of such conduct the basis for academic decisions affecting a student.

The terms intimidating, hostile, and offensive include conduct that has the effect of humiliation, embarrassment, or discomfort. Examples of sexual harassment include touching, crude jokes or pictures, discussions of sexual experiences, teasing related to sexual characteristics, and spreading rumors related to a person's alleged sexual activities. The term sexual violence includes a number of different acts. Examples of sexual violence include, but are not limited to, rape, sexual assault, sexual battery, sexual abuse, and sexual coercion.

Making a Complaint; Enforcement

Students are encouraged to report claims or incidents of sexual harassment, teen dating violence or any other prohibited conduct to the nondiscrimination coordinator, building principal, assistant building principal, dean of students, or a complaint manager. A student may choose to report to a person of the student's same sex. Complaints will be kept confidential to the extent possible given the need to investigate. Students who make good faith complaints will not be disciplined.

6.50 – Cafeteria Expectations

During the pandemic, meals will not be served at school. Students will be given a bagged lunch and breakfast as they are exiting the building at the end of their school day during in person learning.

6.60 – Field Trips

To protect the health and safety of our students, during the pandemic, students will not participate in field trips or other off campus activities.

6.70 – Access to Student Social Networking Passwords & Websites

School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.

6.80 – Student Use of Electronic Devices

Student Use of Electronic Devices

The use of electronic devices and other technology at school is a privilege, not a right. Students are prohibited from using electronic devices, except as provided herein. An electronic device includes, but is not limited to, the following: cell phone, smart phone, smart watch, audio or video recording device, personal digital assistant (PDA), ipod®, ipad®, laptop computer, tablet computer or other similar electronic device. Pocket pagers and other paging devices are not allowed on school property at any time, except with the express permission of the building principal.

During instructional time, which includes class periods and passing periods, electronic devices must be kept powered-off and out-of-sight unless: (a) permission is granted by an administrator, teacher or school staff member; (b) use of the device is provided in a student's individualized education program (IEP); or (c) it is needed in an emergency that threatens the safety of students, staff, or other individuals.

Electronic devices may never be used in any manner that disrupts the educational environment, violates student conduct rules or violates the rights of others. This includes, but is not limited to, the following: (1) using the device to take photographs in locker rooms or bathrooms; (2) cheating; and (3) creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction or non-consensual dissemination of private sexual images (i.e., sexting).

The school and school district are not responsible for the loss, theft or damage to any electronic device brought to school.

School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.

Chapter 7 – Internet, Technology & Publications

7.10 – Internet Acceptable Use

Internet Acceptable Use

All use of electronic network use must be consistent with the school’s goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. These rules do not attempt to state all required or proscribed behavior by users. However, some specific examples are provided. **The failure of any user to follow these rules will result in the loss of privileges, disciplinary action, and/or appropriate legal action.**

Acceptable Use – Access to the electronic network must be: (a) for the purpose of education or research, and be consistent with the District’s educational objectives, or (b) for legitimate business use.

Privileges – The use of the electronic network is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. The system administrator or Building Principal will make all decisions regarding whether or not a user has violated these procedures and may deny, revoke, or suspend access at any time. His or her decision is final.

Unacceptable Use – The user is responsible for his or her actions and activities involving the network. Some examples of unacceptable uses are:

1. Using the network for any illegal activity, including violation of copyright or other contracts, or transmitting any material in violation of any State or federal law;
2. Unauthorized downloading of software, regardless of whether it is copyrighted or de-virused;
3. Downloading of copyrighted material for other than personal use;
4. Using the network for private financial or commercial gain;
5. Wastefully using resources, such as file space;
6. Hacking or gaining unauthorized access to files, resources, or entities;
7. Invading the privacy of individuals, that includes the unauthorized disclosure, dissemination, and use of information about anyone that is of a personal nature including a photograph;
8. Using another user’s account or password;
9. Posting material authored or created by another without his/her consent;
10. Posting anonymous messages;
11. Using the network for commercial or private advertising;
12. Accessing, submitting, posting, publishing, or displaying any defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, harassing, or illegal material; and
13. Using the network while access privileges are suspended or revoked.

Network Etiquette – The user is expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:

1. Be polite. Do not become abusive in messages to others.
2. Use appropriate language. Do not swear, or use vulgarities or any other inappropriate language.
3. Do not reveal personal information, including the addresses or telephone numbers, of students or colleagues.
4. Recognize that electronic mail (e-mail) is not private. People who operate the system have access to all mail. Messages relating to or in support of illegal activities may be reported to the authorities.
5. Do not use the network in any way that would disrupt its use by other users.
6. Consider all communications and information accessible via the network to be private property.

No Warranties – The school and district make no warranties of any kind, whether expressed or implied, for the service it is providing. The school and district are not responsible for any damages the user suffers. This includes loss of data resulting from delays, non-deliveries, missed-deliveries, or service interruptions caused by its negligence or the user’s errors or omissions. Use of any information obtained via the Internet is at the user’s own risk. The school and district specifically deny any responsibility for the accuracy or quality of information obtained through its services.

Indemnification – The user agrees to indemnify the school and district for any losses, costs, or damages, including reasonable attorney fees, incurred by the school or district relating to, or arising out of, any violation of these procedures.

Security – Network security is a high priority. If the user can identify a security problem on the Internet, the user must notify the system administrator or building principal. Keep your account and password confidential. Do not use another individual’s account without written permission from that individual. Any user identified as a security risk may be denied access to the network.

Vandalism – Vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet, or any other network. This includes, but is not limited to, the uploading or creation of computer viruses.

Telephone Charges – The District assumes no responsibility for any unauthorized charges or fees, including telephone charges, long-distance charges, per-minute surcharges, and/or equipment or line costs.

Copyright Web Publishing Rules – Copyright law prohibits the republishing of text or graphics found on the Web without explicit written permission.

1. For each re-publication (on a Web site or file server) of a graphic or a text file that was produced externally, there must be a notice at the bottom of the page crediting the original producer and noting how and when permission was granted. If possible, the notice should also include the Web address of the original source.
2. Students engaged in producing Web pages must provide library media specialists with e-mail or hard copy permissions before the Web pages are published. Printed evidence of the status of “public domain” documents must be provided.
3. The absence of a copyright notice may not be interpreted as permission to copy the materials. Only the copyright owner may provide the permission. The manager of the Web site displaying the material may not be considered a source of permission.

Use of Email – The District’s email system, and its constituent software, hardware, and data files, are owned and controlled by the School District. The School District provides email to aid students as an education tool.

1. The District reserves the right to access and disclose the contents of any account on its system, without prior notice or permission from the account’s user. Unauthorized access by any student to an email account is strictly prohibited.
2. Each person should use the same degree of care in drafting an electronic mail message as would be put into a written memorandum or document. Nothing should be transmitted in an e-mail message that would be inappropriate in a letter or memorandum.
3. Electronic messages transmitted via the school district’s Internet gateway carry with them an identification of the user’s Internet “domain.” This domain name is a registered domain name and identifies the author as being with the school district. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name and reputation of

the school and district. Users will be held personally responsible for the content of any and all electronic mail messages transmitted to external recipients.

4. Any message received from an unknown sender via the Internet should either be immediately deleted or forwarded to the system administrator. Downloading any file attached to any Internet-based message is prohibited unless the user is certain of that message's authenticity and the nature of the file so transmitted.
5. Use of the School District's email system constitutes consent to these regulations.

7.20 – Guidelines of Student Distribution of Non-School Publications

A student or group of students seeking to distribute more than 10 copies of the same material on one or more days to students must comply with the following guidelines:

1. The student(s) must notify the building principal of the intent to distribute, in writing, at least 24 hours before distributing the material. No prior approval of the material is required.
2. The material may be distributed at times and locations determined by the building principal, such as, before the beginning or ending of classes at a central location inside the building.
3. The building principal may impose additional requirements whenever necessary to prevent disruption, congestion, or the perception that the material is school-endorsed.
4. Distribution must be done in an orderly and peaceful manner, and may not be coercive.
5. The distribution must be conducted in a manner that does not cause additional work for school personnel. Students who distribute material are responsible for cleaning up any materials left on school grounds.
6. Students must not distribute material that:
 1. Will cause substantial disruption of the proper and orderly operation and discipline of the school or school activities
 2. Violates the rights of others, including but not limited to, material that is libelous, invades the privacy of others, or infringes on a copyright;
 3. Is socially inappropriate or inappropriate due to the students' maturity level, including but not limited to, material that is obscene, pornographic, or pervasively lewd and vulgar, contains indecent and vulgar language, or sexting as defined by School Board Policy and Student Handbook,
 4. Is reasonably viewed as promoting illegal drug use; or
 5. Is primarily prepared by non-students and distributed in elementary and/or middle schools.
7. A student may use the School District's Uniform Grievance Procedure to resolve a complaint.
8. Whenever these guidelines require written notification, the appropriate administrator may assist the student in preparing such notification.

A student or group of students seeking to distribute 10 or fewer copies of the same publication on one or more days to students must distribute such material at times and places and in a manner that will not cause substantial disruption of the proper and orderly operation and discipline of the school or school activities and in compliance with paragraphs 4, 5, 6, and 7.

Chapter 8 – Search and Seizure

8.10 – Search and Seizure

Search and Seizure

In order to maintain order safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. “School authorities” includes school liaison police officers.

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as, lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there. The building administration may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students Searches

School authorities may search a student and/or the student’s personal effects in the student’s possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district’s student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student’s age and sex, and the nature of the infraction.

School officials may require a student to cooperate in an investigation if there is specific information about activity on the student’s account on a social networking website that violates the school’s disciplinary rules or school district policy. In the course of the investigation, the student may be required to share the content that is reported in order for the school to make a factual determination. School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student’s account or profile on a social networking website.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the school or district’s policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

Chapter 9 – Extracurricular and Athletic Activities

9.10 – Extracurricular Athletic Activities Code of Conduct

This Extracurricular and Athletic Activities Code of Conduct applies, where applicable, to all school-sponsored athletic and extracurricular activities that are not part of an academic class nor otherwise carry credit for a grade.

Absence from School on Day of Extracurricular or Athletic Activity

A student who is absent from school after noon is ineligible for any extracurricular or athletic activity on that day unless the absence has been approved in writing by the principal. Exceptions may be made by the designated teacher, sponsor or coach for justifiable reasons, including: 1) a pre-arranged medical absence; 2) a death in the student's family; or 3) a religious ceremony or event.

A student who has been suspended from school is also suspended from participation in all extracurricular and athletic activities for the duration of the suspension.

A student who is absent from school on a Friday before a Saturday event may be withheld from Saturday extracurricular or athletic activities at the sole discretion of the designated teacher, sponsor or coach.

9.30 – Student Athlete Concussions and Head Injuries

Student athletes must comply with Illinois' Youth Sports Concussion Safety Act and all protocols, policies and bylaws of the Illinois High School Association before being allowed to participate in any athletic activity, including practice or competition. A student who was removed from practice or competition because of a suspected concussion shall be allowed to return only after all statutory prerequisites are completed, including without limitation, the School District's return-to-play and return-to-learn protocols.

Chapter 10 – Special Education

10.10 – Education of Children with Disabilities

It is the intent of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act are identified, evaluated and provided with appropriate educational services.

The School provides a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the school. The term "children with disabilities" means children between ages 3 and the day before their 22nd birthday for whom it is determined that special education services are needed. It is the intent of the school to ensure that students with disabilities are identified, evaluated, and provided with appropriate educational services.

A copy of the publication "Explanation of Procedural Safeguards Available to Parents of Students with Disabilities" may be obtained from the school district office.

Students with disabilities who do not qualify for an individualized education program, as required by the federal Individuals with Disabilities Education Act and implementing provisions of this Illinois law, may qualify for services under Section 504 of the federal Rehabilitation Act of 1973 if the student (i) has a physical or mental impairment

that substantially limits one or more major life activities, (ii) has a record of a physical or mental impairment, or (iii) is regarded as having a physical or mental impairment.

10.20 – Discipline of Students with Disabilities

Behavioral Interventions

Behavioral interventions shall be used with students with disabilities to promote and strengthen desirable behaviors and reduce identified inappropriate behaviors. The School Board will establish and maintain a committee to develop, implement, and monitor procedures on the use of behavioral interventions for children with disabilities.

Discipline of Special Education Students

The District shall comply with the Individuals With Disabilities Education Improvement Act of 2004 and the Illinois State Board of Education’s Special Education rules when disciplining special education students. No special education student shall be expelled if the student’s particular act of gross disobedience or misconduct is a manifestation of his or her disability.

10.50 – Access to Classroom for Special Education Observation or Evaluation

The parent/guardian of a student receiving special education services, or being evaluated for eligibility, is afforded reasonable access to educational facilities, personnel, classrooms, and buildings. This same right of access is afforded to an independent educational evaluator or a qualified professional retained by or on behalf of a parent or child. For further information, please contact the building principal.

10.60 Related Service Logs

Related Service Logs

For a child with an individualized education program (IEP), the school district must create related service logs that record the type of related services administered under the child’s IEP and the minutes of each type of related service that has been administered. The school will provide a child’s parent/guardian a copy of the related service log upon request.

Chapter 11 – Student Records & Privacy

11.10 – Student Privacy Protections

Surveys by Third Parties

Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student's parent/guardian may inspect the survey or evaluation, upon their request and within a reasonable time of their request. This applies to every survey: (1) that is created by a person or entity other than a district official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

Parents who object to disclosure of information concerning their child to a third party may do so in writing to the building principal.

Surveys Requesting Personal Information

School officials and staff members will not request, nor disclose, the identity of any student who completes any survey or evaluation (created by any person or entity, including the school or district) containing one or more of the following items:

1. Political affiliations or beliefs of the student or the student's parent/guardian.
2. Mental or psychological problems of the student or the student's family.
3. Behavior or attitudes about sex.
4. Illegal, anti-social, self-incriminating, or demeaning behavior.
5. Critical appraisals of other individuals with whom students have close family relationships.
6. Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers.
7. Religious practices, affiliations, or beliefs of the student or the student's parent/guardian.
8. Income other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program.

The student's parent/guardian may: (1) inspect the survey or evaluation upon, and within a reasonable time of, their request, and/or (2) refuse to allow their child to participate in the survey. The school will not penalize any student whose parent/guardian exercised this option.

Instructional Material

A student's parent/guardian may inspect, upon their request, any instructional material used as part of their child's educational curriculum within a reasonable time of their request.

Selling or Marketing Students' Personal Information Is Prohibited

No school official or staff member may market or sell personal information concerning students (or otherwise provide that information to others for that purpose). The term personal information means individually identifiable information including: (1) a student or parent's first and last name, (2) a home or other physical address (including street name and the name of the city or town), (3) a telephone number, (4) a Social Security identification number or (5) driver's license number or State identification card.

The above paragraph does not apply: (1) if the student's parent/guardian have consented; or (2) to the collection, disclosure or, use of personal information collected from students for the exclusive purpose of developing, evaluating or providing educational products or services for, or to, students or educational institutions.

11.20 – Student Records

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings (including

electronic recordings made on school busses) that are created in part for law enforcement, security, or safety reasons or purposes, though such electronic recordings may become a student record if the content is used for disciplinary or special education purposes regarding a particular student.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age (“eligible students”) certain rights with respect to the student’s school records. They are:

1. **The right to inspect and copy the student’s education records within 10 business days of the day the district receives a request for access.**

The degree of access a student has to his or her records depends on the student’s age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. Within 10 business days, the building principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. In certain circumstances, the district may request an additional 5 business days in which to grant access. The district charges \$.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost. These rights are denied to any person against whom an order of protection has been entered concerning the student.

2. **The right to have one or more scores received on college entrance examinations included on the student’s academic transcript.**

Parents/guardians or eligible students may have one or more scores on college entrance examinations included on the student’s academic transcript. The district will include scores on college entrance examinations upon the written request of the parent/guardian or eligible student stating the name of each college entrance examination that is the subject of the request and the dates of the scores that are to be included.

3. **The right to request the amendment of the student’s education records that the parent/guardian or eligible student believes are inaccurate, irrelevant, or improper.**

A parent/guardian or eligible student may ask the district to amend a record that is believed to be inaccurate, irrelevant, or improper. Requests should be sent to the building principal and should clearly identify the record the parent/guardian or eligible student wants changed and the specific reason a change is being sought. If the district decides not to amend the record, the district will notify the parent/guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

4. **The right to permit disclosure of personally identifiable information contained in the student’s education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.**

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board. A school official may also include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of personally identifiable information from education records (such as an attorney, auditor, medical consultant, therapist, or educational technology vendor); or any parent/guardian or student serving on an official committee, such as a disciplinary or grievance

committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility or contractual obligation with the district. Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student's records are being forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

5. The right to a copy of any school student record proposed to be destroyed or deleted.

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Student temporary records are reviewed every 4 years or upon a student's change in attendance centers, whichever occurs first.

6. The right to prohibit the release of directory information.

Throughout the school year, the district may release directory information regarding students, limited to

- Name
- Address
- Grade level
- Birth date and place
- Parent/guardian names, addresses, electronic mail addresses, and telephone numbers
- Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs
- Academic awards, degrees, and honors
